DISCIPLINE

JD

The desired discipline is that which is developed through self-control rather than through passive obedience to authority. Discipline is an end, not a means to an end.

Pupils are expected to conduct themselves in a manner which:

- a. Is in keeping with the activity in which they are involved
- b. Respects the rights of others, and
- c. Is in accordance with safety rules and regulations.

Teachers have both the authority and the obligation to insist upon disciplinary regularity in the school building, on the school grounds, and at school activities. Such reasonable insistence will be backed by the office. Any disciplinary action should be taken at the time of the offense, if possible.

Off-duty teachers have the responsibility of correcting pupils when the teacher on duty is not present or is otherwise occupied.

When it is necessary to send a student to the office, do so under the following:

- a. Prior conference with the principal.
- b. Bring the student to the office yourself in unusual cases, or
- c. Send the student with a discipline referral slip and the

teacher should come to the office at the earliest convenience.

ELEMENTARY PROMOTION AND RETENTION POLICY

If retention of a student is under consideration by a teacher, it is important that parents be informed early and frequently throughout the year. Grade cards should reflect POOR or FAILING grades in reading, language arts, math and/or other subjects

Factors, which would be considered in possible retention of a child, are age, maturity, academic progress, test scores, ability, results of psychological evaluations, students motivations, previous retention's, a parents' comments and opinions and teacher recommendations. Retention of a student more than one time should be considered an exception.

Prior to May 1, a final conference should be held with the parents. In-put from the parents, teacher(s), psychologist, counselor and Principal may be contributed. At that, time the parent will be informed that one of the following options is recommended for his/her child:

1. Promote the student unconditionally
2. Promote the student on the condition that they enroll in and satisfactorily complete a summer school program, as specified
3. Retain the student in the same grade for the coming year

As a result of the conference, the parent does not concur with the school recommendation, one of the following options may also be considered:

1. Promote the student with an "allowed Pass" allowing him to be promoted because of various pertinent factors, even though he/she has not satisfactorily completed the work of the present grade. The parent shall consent to this in writing.
2. Promote the student over the objection of the school team and place the following statement on the child's grade card:
 "_____ has not satisfactorily completed the work of the _____ grade but is promoted to the _____ grade because of parental request." The parent shall consent to this in writing.

Generally, the following schedule will be followed:

Freshman: Bake sales

Sophomores: Candy sales in the fall. Workers auction in the spring

Juniors: Concessions stands during sports activities. Carnival in the spring.

Seniors: Magazine sales in the fall.

1. Money and receipts from all the above-mentioned projects shall be turned into the Superintendent's office each day before 3:45 pm so receipts can be recorded and itemized separately into various accounts

2. Funds will be disbursed only by check under the direction of the Superintendent, with the only exception being the Senior Trip, which must be approved by the Board of Education.

SENIOR TRIP

The Senior Class, with the sponsors, may plan a Senior Trip but have final approval from the Board of Education. They must have an adequate number of sponsors and qualified bus driver(s). Seniors and their parent(s) must sign a release form before the trip.

SENIOR CLASS TRIP ELIGIBILITY

Policies of the Board of Education authorize, under certain conditions, a Senior Class Trip, the cost of which is financed from money raised by the class throughout their high school career. In some cases, an individual member of the class will either enter or leave the class at points other than the beginning of the freshman year. The purpose of these regulations is to clarify the process and requirements for individual student participation in the fundraising activities and participation in the Senior Trip.

1. In order for a student to participate in the senior trip, that student must have been actively involved in the class fundraising activities throughout that student's attendance at Golden Plains High School.

2. Any student who wishes to be excused from active participation in fundraising activities will be required to submit a written statement in which the student and the parent agree, by their signatures, that the student will not participate in the senior trip. By filing such a written statement, the student may be excused from participation in fundraising activities, and such statement will be final.

3. If a student fails to participate in fundraising activities of the class, but has not submitted the statement required in Section 2 above, that student may be determined to have waived his/her right to participate in the senior class trip. Such determination to be made by the Superintendent after conferring with the student and the student's parents or guardian.

4. Any student who transfers into Golden Plains High School as a regular member of the class will be accepted as a member of the class for all appropriate purposes, including participation in the senior class trip. Eligibility of such transfer student to participate in the senior class trip will be made solely upon his/her participation in fundraising activities during the period of his/her enrollment and other applicable provisions of policy and regulation, but the student shall not be required to pay any amount into the class fund as a condition of his/her participation in the senior class trip.

ADMISSION OF NONRESIDENT STUDENTS

Any student who resides outside the boundaries of the district may apply to attend school within the district. All applications for nonresident attendance will be considered on an equal basis.

A parent or guardian will apply on behalf of the child and provide such documentation and records as the Superintendent may require. Applications will be accepted or rejected by the Superintendent based upon the following standards:

1. Whether space is available in the program, grade level, or classes at the building in which the student desires to be enrolled.
2. Whether appropriate educational programs or services are available to improve the student's condition; and
3. Whether the student's attendance in the district is likely to create a risk to the health, safety, or well-being of other students or staff.

A nonresident at-risk student who has dropped out of high school for six weeks or longer, or has returned from participation in a substance abuse treatment program, or is about to become or is a teen-aged parent, or has returned from hospitalization due to a mental health condition, may attend school in this district provided that the appropriate educational programs are available to accommodate the needs of the student.

ADMISSION OF INTERNATIONAL AND EXCHANGE STUDENTS

Qualified international students may be enrolled and attend school without the payment of fees if they are recommended and sponsored by an organization approved by the Superintendent. No international students shall be accepted for direct placement in the district except through an approved organization. In determining what constitutes an approved organization, the Superintendent shall give due consideration to lists of approved programs published by the Kansas State High School Activities Association and the United States Information Agency. No organization shall be approved which does not appear on such list of approved programs of both agencies. The Superintendent shall not, however, be required to accept an organization solely because that organization appears on such lists.

The sponsoring organization shall certify to the Superintendent that all necessary documentation is complete on any international student proposed for admission and the sponsoring organization shall accept full responsibility for all legal requirements.

International and exchange students may be enrolled regardless of residency within the district. The Superintendent shall review all available materials relating to a proposed international student including language, academic, and social fitness as well as host family arrangements. Following the review of such material, the Superintendent may accept or reject any individual applicant. The Superintendent's decision shall be final except where the Superintendent has denied admission. When the Superintendent has denied admission, any responsible person who is directly involved may appeal such denial to the Board of Education.

TELEPHONE POLICY

Parents may call the school office and request a student to come to the phone for emergency matters. Under ordinary circumstances, however, the Secretary or Administrator will relay messages to the students. Students may return calls to parents during vacant periods in their schedule.

ILLNESS

When a student becomes ill, or is suspected of having a communicable disease, the office shall be notified. The office shall notify the parents and appropriate action shall be taken. If the parents are unavailable, action will be taken as indicated on the enrollment form.

ACCIDENTS

The welfare of the child is the first consideration in case of an accident. The Superintendent and the parents should be notified if the accident is serious. In an emergency, the child should be taken to the hospital or an ambulance or doctor should be called first as indicated on the enrollment form.

CLASSROOM BEHAVIOR

A student who repeatedly violates classroom policies will be subject to referral. Misbehavior might include such things as disrespect for authority, disobedience, excessive talking, failure to work, sleeping in class, etc.

Before an Administrator will consider administrative action for classroom misbehavior, other than in extreme cases of misbehavior, the Teacher must show that actions have been taken to resolve the student's problem prior to referral to the administration. Such actions may include student-teacher conferences, teacher-parent conferences, detention, or referral to the counselor.

When a student is sent to the office for disciplinary action, parents will be notified. Failure of a student to come to the office on request can result in suspension.

Students who walk out of class and/or the school building without permission will be subject to suspension from school. All students must secure admit-slips upon returning to their classes.

The matter of discipline for repeated offenders will be up to the discretion of the Administrator.

All referrals will be submitted to the office by a referral slip and signed by the Teacher and/or Superintendent.

CORPORAL PUNISHMENT

If corporal punishment is necessary, corporal punishment shall be administered only by the Superintendent. The right of self-defense is not abrogated by this regulation.

The punishment must be reasonable and confined within the bounds of moderation; that is, it must not be cruel or excessive, and the teacher must not act want only nor from malice or passion.

The punishment must be proportionate to the gravity of the offense, the apparent motive and disposition of the offender, and the influence of his example and conduct of others. Consideration must be given to the age, size, sex and physical strength of the pupil to be punished; and the instrument must be one suitable and proper for the purpose.

DRUG FREE WORKPLACE

GAOA, GAOB

The unlawful possession, use or distribution of illicit drugs and alcohol by school employees on school premises or as a part of any school activity is prohibited.

As a condition of employment in the district, employees shall abide by the terms of the board policy on drug free school/workplace.

Employees shall not unlawfully manufacture, distribute, dispense, sell, possess or use controlled substances in the workplace. Any employee who is convicted under a criminal drug statute for a violation occurring at the workplace must notify the superintendent of the conviction within five days after the conviction.

Within 30 days after the notice of conviction is received, the school district will take appropriate action with the employee. Such action may include the initiation of termination proceedings. Alternatively, or in addition to any action short of termination, the employee may be required to participate satisfactorily in an approved drug abuse assistance or rehabilitation program as a condition of continued employment.

The employee shall bear the cost of participation in such program.

This is intended to implement the requirements of the federal regulations promulgated under the Drug Free Workplace Act of 1988, 34 CFR Part 85, Subpart F. It is not intended to supplant or otherwise diminish personnel disciplinary actions that may be taken under existing board policies or the negotiated agreement.

TOBACCO USE

GAOC

The use of tobacco products by any person, in any form, is prohibited in any school building, owned, leased or rented by the district that is used for pupil attendance purposes, or in any school vehicle.

ALCOHOL AND DRUG ABUSE INTERVENTION

The board, faculty, and administration of Golden Plains Unified School District No. 316, Thomas County, Kansas, recognize a shared responsibility for the health, welfare, and safety of those who attend the district's schools. Problems of alcohol and drug abuse are matters of serious concern and it recognized

that the illegal or inappropriate use of alcohol, narcotic drugs, depressants, and/or other controlled substances constitute a hazard to the positive development of all students.

Any student, while under the jurisdiction of the school district, who is determined by the Superintendent or his designee, to be under the influence of alcohol or drugs, will be detained at the school until the student can be placed in the care of a parent or guardian. If the parent or guardian cannot be reached, the person designated as emergency contact on the enrollment form will be contacted. If that person cannot be reached, an administrative determination will be made to insure the student's welfare and safety.

Within the next seven (7) days, the student and a parent or guardian will meet with an intervention team to determine a plan of action appropriate to the problem which plan will insure the safety, health and well-being of the students.

The intervention team will be made up of the Superintendent (or his designee), the counselor, and three (3) faculty members who are not closely associated with the student as determined by a consensus of the building faculty. The team, in harmony with the parent or guardian, will define appropriate intervention strategies to be followed, which are determined to be in the student's best interests.

DISTRICT CRISIS PLAN

The Superintendent, in consultation with the school counselor, school psychologist, and such other personnel as he deems appropriate, shall submit a District Crisis Plan which plan will provide direction, support, coordination and communication to the students, staff, and community following the sudden death or other tragic event involving a student or staff member of the Golden Plains School District.

SITE COUNCIL

Kansas Law provides (192 H.B. 2892) that a School Site Council shall be established for each building within the school district. While present interpretation of the law by the Kansas State Board of Education would require three (3) such councils within Unified School District No 316, the Board believes that appropriate articulation and communication between all grades and departments of the district if of significant and paramount concern within this district.

The board therefore established one (1) Site Council within the district, membership and composition of which shall be so structured as to permit the council to serve all buildings of the district and, concurrently, to serve as individual councils for each of the school buildings consistent with interpretation of the law provided by the Kansas State Board of Education. By establishing one (1) such Council, the intent of the board is not to circumvent the law, but rather to fully integrate its requirements with those of other statutes, rules and regulations and the best interest of the children of the District.

The council shall be responsible for providing advice and counsel for evaluation state, school district, and school site performance goals and objectives and in recommending methods, which may be employed at each school site to meet these goals and objectives.

The council shall be appointed by the Board of Education and shall report directly to the board from time to time.

The Board of Education adapted detailed rules and regulations regarding this policy, a copy of which is on file with the Clerk of the Board for public inspection.

BLOOD BORNE PATHOGEN EXPOSURE CONTROL PLAN

The board shall adopt an exposure control plan, which conforms with current Occupational Safety and Health Administration (OSHA) standards and regulations of the Kansas Department of Human Resources (KDHR).

The plan shall be accessible to all employees and shall be reviewed and updated at least annually. All staff shall receive the training and equipment necessary to implement the plan.

The Board of Education adapted detailed rules and regulations regarding this policy, a copy of which is on file with the Clerk of the Board for public inspection.

(JIH) INTERROGATIONS BY OUTSIDE AGENCIES

Questioning of Students by Law Enforcement Officials: Law enforcement officers have the right to come into the school buildings to interview students as suspects or witnesses. School officials will not unreasonably delay, hinder, or obstruct law enforcement officers from the performance of their duties. Before any such interview, the Superintendent shall be notified and the Superintendent or his designee will carefully determine the officer's identity, official capacity, and the authority under which he/she acts.

Except in cases of child abuse or neglect, the Superintendent or his designee will attempt to contact the student's parent/guardian and solicit his/her consent when a law enforcement officer requests an interview on school premises.

If, in the course of the interview, the law enforcement officer finds it necessary to remove the student from school so as to better aid the investigation, the Superintendent or his designee will first determine the reason for such action and will immediately inform the student's parent/guardian. Notwithstanding any other provision of this policy, school officials shall not release any student to law enforcement personnel unless compelled to do so by legal process or unless directed to do so by the student's parent or legal guardian.

Apprehension and/or Arrest: The Board of Education authorizes the Superintendent to release minor students into the custody of a law enforcement officer upon presentation of a court order or warrant for the student's arrest. The Superintendent or his designee shall immediately notify the parent/guardian or responsible relative of the fact of the student's release and the place to which the student is reportedly taken, except in cases of suspected child abuse or neglect.

Whenever a student is suspected of being a victim of child abuse and is being removed from the school premises, the Superintendent or his designee must give the telephone number and address of the student's parent/guardian to the law enforcement officer. The law enforcement officer then has the responsibility to immediately notify the parent/guardian.

Personnel responsible for releasing a student from school custody, for whatever reason or purpose, will exercise extreme diligence to prevent such release to any unauthorized or unidentified person.
