

MS Dogs Win over Heartland
By Judy Rogers

The Golden Plains Middle School won three games over Heartland on September 28 in Colby. The Volleyball teams played first with the A-team winning 25-14, 25-10. The B-team girls followed with two wins of their own with a very close first set of 27-25 and a second set of 25-12.

The football teams played a 6-man flag game following the volleyball. This game allowed sixth grade players to participate along with the older boys. They had played a short flag game earlier in the season but they were excited to play again as the 'Dogs won the game 62-34.

"It was fun to finally get to play a full game," said sixth grader Jerrit Koerperich. "We did well at guarding and blocking. We need to keep working on where to go on our plays."

"It was fun to push and block," added Will Bruggeman-sixth grade. "We know our positions but need to work on our plays more. I look forward to a more challenging game next week against Cheylin." The middle school teams will host Cheylin on October 5 for their last home games of the season.
